

INFI

SELF-SERVE KIOSKS

The Smart Way to Keep Orders Flowing

Keep lines moving, customers happy, and profits growing

INFI kiosks have been a total game changer for our pizzeria. The seamless integration with Square POS makes daily management a breeze, and guests love the friendly user interface. We've tested a number of other kiosks and INFI always beats the competition.

To top it off, INFI provides fast and helpful customer support. INFI has truly delivered for our business.

President

73%+

Kiosk Check Size vs Counter

The average check size is much higher on the kiosk vs the counter due to inherent upsell features

Why Choose INFI

INFI

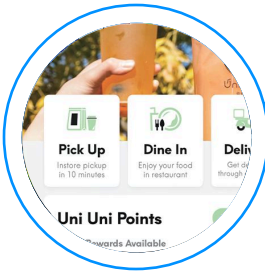

Boost Profits with Smart Upsells

Suggest combo meals, add-ons, and promotions to encourage customers to up their orders. Give them more options to grow overall sales.

Improve Speed and Service

Keep customers coming back with loyalty programs.

Reward customers with points and incentives that keep them coming back for more.

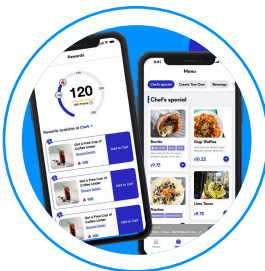

Speed Up the Ordering Process

Nearly 70% of customers choose to go elsewhere when there's a long line. Give them more ways to order so lines move faster.

Drive Repeat Business

Keep customers happy with loyalty programs. Reward them with points and incentives to keep them coming back for more.

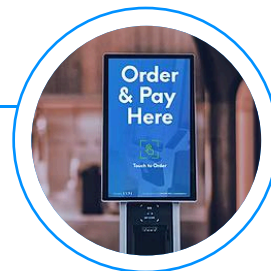

Power Mobile and Online Orders

Today's customers expect convenience. Meet their expectations by giving them different ways to order – through an app, website, or in-store.

Kiosk Options to Fit Your Space

We've got the right kiosk for you, no matter how much room you have – whether you need one for your countertop, on the wall to save space, or one that's ADA-compliant.

INFI integrates easily with the leading POS Systems, or can be its own processor.
