SELF-SERVE KIOSKS

Boba Ordering, Made Easy

Serve faster orders, happier customers, and bigger profits

As a merchant, efficiency, and customer satisfaction are paramount to our success, and INFI's kiosk system has truly exceeded our expectations in both regards.

Since implementing INFI's kiosk system, we've seen a significant improvement in our operations and customer experience.

Why Choose INFI

INFI

Handle Custom Orders, Fast

Let your customers place their own orders, customize their drinks, and pay in seconds. Your team can focus on making drinks and providing great service instead of managing long lines.

Eliminate Order Mistakes and Reduce Waste

Customers enter their own orders so there's no confusion over ingredients. Fewer mistakes means less waste and happier customers.

Promote Seasonal and Speciality Drinks

Highlight limited-time flavors and bestsellers without extra signage or advertising. Encourage customers to try something new by showing eye-catching images on the kiosk screen.

Turn Casual Consumers into Boba Enthusiasts

Keep customers coming back with loyalty programs. Reward customers with points and incentives that keep them coming back for more.

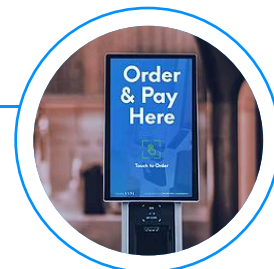

Increase Sales with Easy Upsells

Suggest toppings, specialty cups, or extra-large sizes to encourage customers to up their orders. Give your customers more options to boost overall sales.

Simple Payment Processing

Native integrations with major POS systems gives you the flexibility to keep your existing setup. No POS? Use our built-in POS solution.

INFI integrates easily with the leading POS Systems, or can be its own processor.

As well as many other POS systems
