

INFI

SELF-SERVE KIOSKS

The Smart Way to Sell More Pizza

Serve up faster orders, happier customers, and bigger profits

INFI kiosks have been a total game changer for our pizzeria. The seamless integration with Square POS makes daily management a breeze, and guests love the friendly user interface. We've tested a number of other kiosks and INFI always beats the competition.

To top it off, INFI provides fast and helpful customer support. INFI has truly delivered for our business.

President

73%+ Kiosk Check Size vs Counter

The average check size is much higher on the kiosk vs the counter due to inherent upsell features

Why Choose INFI

INFI

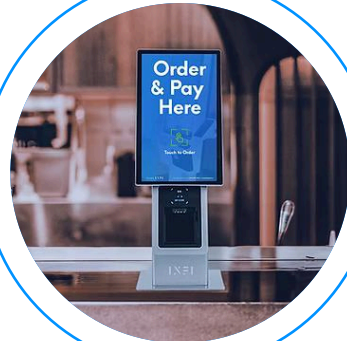

Bring in More Dough with Smart Upsells

Suggest combo meals, add-ons, and promotions to encourage customers to up their orders. Give your customers more options - whether they want a slice, a whole pie, or a combo deal - to boost overall sales.

Kiosk Options to Fit Your Space

We've got the right kiosk for you, no matter how much room you have. Whether you need a space-saving wall mount kiosk, a countertop mount, or an ADA-compliant mount, we've got you covered.

Improve Speed and Service

Automate ordering so your staff can spend more time making pizzas and less time taking orders. Help them get food out faster and keep customers happy.

Drive Repeat Business

Keep customers coming back with loyalty programs. Reward customers with points and incentives that keep them coming back for more.

INFI integrates easily with the leading POS Systems, or can be its own processor.

As well as many other POS systems
